JEPA BUCKET

Innovation Leading Technology & Products

- ✘ Our Own Technology
- ✘ Flexible and Optimized Design
- ✘ Powerful Impact
- ✘ Durability, Reliability and Safety
- ✘ Highest Cost Performance Ratio

OUR COMPANY :-

Jeet Engineering engaged in sales & service of Earthmoving machinery spare/parts & having 20-Years immense experience in respective field. Keeping in mind for mining requirements JEPA added another HD-Series for Buckets. We studied the geographical & technical aspects in different states of India, some of our major contractor and many more customers have given their inputs about quality and maintenance cost of Buckets. JEPA products are cost effective having premium quality.

JEPA is cost effective with high durability & easy availability of parts, makes it different from others.
